

PROTOTYPE CRIT

ADI'S

MAJOR PROJECT

03 MAY 2023

TWITTER DESCRIPTION

A simple solution to discover India beyond what is out there on the web, to help users learn about the hidden gems in the country.

**PROJECT
NAME**

khoj 'खोज'

"Khoj" is a Hindi word that means "search" or "discovery" in English. It can also refer to a quest or exploration for knowledge or truth.

TECH PATH SELECTED

1. Angular 15 (Client-side)
2. Node.js (Server-side)
3. mySQL (DB)

Angular/Node used for much more complex projects than MP.

1. HTML/CSS/JS (Client-side)
2. PHP (Server-side)
3. mySQL (DB)

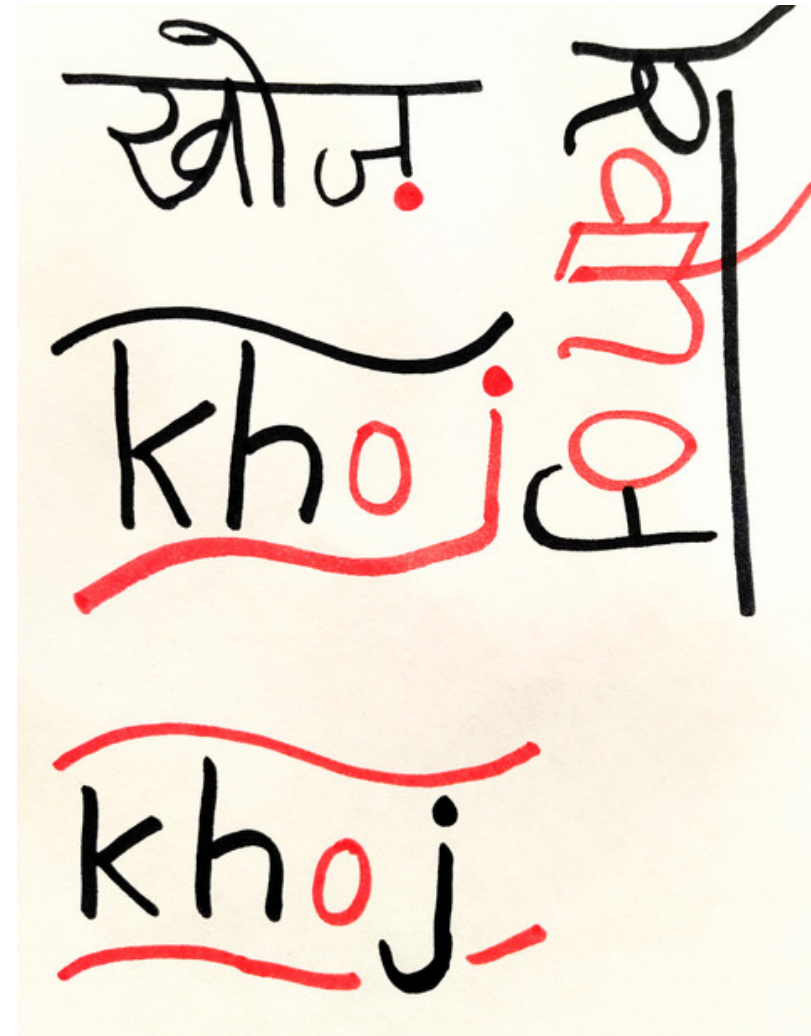

CMS

No CMS Approach
