Work Experience

Infosys Ltd. **Bangalore, India**

Senior User Interface Educator | *Senior Systems Engineer* *Jan 2022 - Aug 2022*

(1) Implemented a responsive landing page for the Online Editor app within Wingspan (known as LeX Learning internally) with a **50% increase in user engagement**. It allows code edit, save, share and deployment for Angular, React, HTML, CSS, JS and more.

(2) Engineered a dynamic landing page for Agon within LeX, **contributing to a 40% surge in user engagement** and **catalysing talent transformation for Infosys employees and clients** on the learning platform.

(3) Completed **over 1000 hours of impactful training** in Web Technologies, including Angular, Angular Material, HTML, CSS, with a **20% enhancement in participant's proficiency**, with **an average rating of 4.7 out of 5.**

(4) Successfully managed the migration of Angular applications (Certifications/Case Studies) to the latest versions, **ensuring a 25% reduction in potential compatibility issues** and a notable improvement in application performance.

User Interface Educator | *Systems Engineer* *Apr 2020 - Dec 2021*

(1) Collaborated and executed the UI development of Dashboard Application alongside the ETA Java Team, **boosting training session tracking efficiency by 30%.**

(2) Played a pivotal role in content creation for LeX Learning Platform, creating question banks on various Web Tech topics for Agon, Konnect, Certifications, Courses, and Quizzes, contributing to a **15% uplift in course completion rates.**

(3) Attained certifications of the **Infosys Certified Angular Professional** and **Infosys Certified Frontend Web Developer**, showcasing expertise and commitment to professional development.

(4) Received Infosys Insta Award for exemplary support given to development of Dashboard UI application, outstanding contribution towards session delivery with positive feedback, and creating mock interview videos.

Systems Engineer Trainee | *Java-Angular Stream* | **Hyderabad, India & Mysore, India** *Nov 2019 - Mar 2020*

Project Experience

Khoj **London, United Kingdom**

University of Greenwich | *Major Project* *Mar 2023 - Sept 2023*

(1) Conceptualised, designed and developed **khoj-india.com** as part of the MP module targeted to help users discover hidden gems of India, **covering over 80 curated locations**, featuring an Interactive Map & a space for promoting travel content creators..

(2) Undertook intensive research on business & cultural context, logo creation, typography, prototyping, UI/UX development, and promotion. Amassed over 600 unique users with a **70% engagement rate for organic users acquired** since inception.

(3) Received **appreciation by the High Commission of India, London** via the contest "Let's discover the hidden gems of India".

Health Plus More Website **London, United Kingdom**

Health & More Ltd. | *Freelance* *Dec 2023 - Present*

(1) Provided WordPress CMS support for their website **healthplusmore.co.uk** as per **the current digital trends**.

(2) Executed best practices of SEO and digital accessibility utilising WooCommerce and Yoast SEO for 500+ health food products and supplements in order to **increase the click-through rates by 10%**.

Online Editor, Agon, Educator Dashboard **Bangalore, India**

Infosys Ltd. | *ETA (Education, Training & Assessment) Department* *Aug 2020 - Aug 2022*

(1) Developed the landing page of **Online Editor** (Online web development platform) which **has driven 26.4k unique users, 151.6k projects created and 525.7k learning hours spent** by employees and clients on the platform since.

(2) Revitalised the landing page of Agon (Interactive quizzing platform) which **has driven 53.2k unique users, 574.6k quizzes played, 94 live topics and 13.4k live questions** for skilling and reskilling employees and clients since.

(3) Facilitated educators in session tracking by assisting development for the Educator Dashboard UI page.

Film Promotion, Small Business Website, Typesetting Literature **London, United Kingdom**

University of Greenwich | *Assignment Projects* *Sept 2022 - Mar 2023*

Designed and developed various websites such as **Film Promotion**: web campaign for re-release of a classic film; **Small Business Website**: a site for a fictional small business; **Typesetting Literature**: a site focused only on typography and colour - no visuals.
